## **Protect yourself against fraud!**

- In light of the current public health emergency in Lebanon in relation to the COVID-19 (coronavirus), many rumors and false information circulate on social media and among communities related to the assistance and services provided by UNHCR
- Here some samples of false information:  
'UNHCR will cover deliveries of unregistered Syrian families due to the current situation. And that they should contact UNHCR to be documented before her birth date in order to be covered in accordance with UNHCR's standard operating procedures'

They may look like this:

- **Do not trust** this information as this is **fraud**
- Report fraud. Inform UNHCR!
